

AMENDMENT TO THE SPECIFICATION

Please insert after page 2, line 29:

FIG. 3 is a flow diagram of a method of operation for a control unit.

Please replace the paragraph beginning at page 3, line 32 with the following paragraph:

Another aspect of the invention includes a method of controlling the roof assembly by means of the control, which is as follows. An example flow diagram of a method of controlling the roof assembly is illustrated in FIG. 3.
